Sign-up landing pages

A [Sign-up Landing Page](#) is a customizable page, sort of like a stand-alone website, for collecting new contacts through social media and email. You can customize the look of the page, add an image, and choose which details you want to collect from subscribers. You can even give your landing page a custom URL!

To get started:

1. Click **Channels > Sign-up forms**.
2. Click **Create a sign-up form**.
3. Select **Sign-up Landing Page**.
4. Once you're done customizing your landing page, be sure to [share it!](#)

The screenshot shows a user interface for creating sign-up forms. On the left, a sidebar menu includes 'Create', 'Dashboard', 'Campaigns', 'Contacts', 'Channels' (with sub-options 'Emails', 'Social', 'SMS', 'Events', 'Landing pages'), 'Sign-up forms' (which is selected and highlighted in blue), and 'Sign-up Landing Page'. Below the sidebar is a 'Blocks' section with icons for Text, Image, Button, Divider, Spacer, Social share, Social follow, Video, Read more, and Data table. To the right, a main panel titled 'Sign-up forms' shows a list of form types: Pop-up, Flyout, Banner, Inline, Text to Join, Sign-up Landing Page (selected and highlighted in blue), and Facebook Lead Ads. Each item has a description and a 'Details' button. At the bottom of this list are 'Preview' and 'Continue' buttons. The preview area shows a sample landing page for 'Half Moon YOGA STUDIO' with the text 'Sign up to Stay in Touch!' and a form for 'Email' and 'First name'. A note at the bottom states: 'By submitting this form, you are consenting to receive marketing emails from [[account.organizationName]]. You can revoke your consent to receive emails at any time by using the Safe Unsubscribe® link, found at the bottom of every email.' A 'Sign Up' button is at the bottom right of the preview.

Pop-up & flyout sign-up forms

A [pop-up sign-up form](#) visibly “pops” up on a webpage, while a [flyout sign-up form](#) “slides” into view from the top, bottom, or side of the screen to prompt website visitors to join your mailing list.

You can set the forms to display when users land on your website, after they’ve spent a specific amount of time on your site, or when they go to leave. You can also customize how the forms look, as well as choose which email lists the new subscribers can be added to.

On the Sign-up forms page:

1. Click **Create a sign-up form**.
2. Select **Pop-up** or **Flyout**.
3. Once you’re done customizing your form, [activate and install it on your website](#).

The screenshot shows the 'Create sign-up form' interface. A blue line connects the 'Pop-up' option in the list to the 'Pop-up Form' configuration screen below. The configuration screen includes a preview of the sign-up form with fields for Email and a 'Sign Up!' button, and a note about consent and privacy.

Banner sign-up forms

A [banner sign-up form](#) stretches across the top or bottom of any page on your website to catch visitors' attention as they enter or leave your site. You choose when you want it to trigger, and you can also create custom forms to display to your website visitors based on the device they're viewing from.

On the Sign-up forms page:

1. Click **Create a sign-up form**.
2. Select **Banner**.
3. Once you're done customizing your form, [activate and embed it on your website](#).

The screenshot shows the 'Create sign-up form' interface. A blue line and dot connect the 'Banner' option in the list to the 'Banner Form' section below. The 'Banner' section is highlighted with a blue box. The interface includes a 'Content' sidebar with 'Title', 'Description', 'Contact Fields', 'Email Lists' (marked as 'Required'), 'Button', and 'Background' options. The main area displays a 'Sign up for updates!' form with an 'Email' input field and a 'Sign up!' button. A note at the bottom states: 'By submitting this form, you are consenting to receive marketing emails from: Half Moon Yoga Studio, 123 Main St., Waltham, MA, 02454, US, http://www.halfmoonyogastudio.com. You can revoke your consent to receive emails at any time by using the SafeUnsubscribe® link, found at the bottom of every email. [Emails are serviced by Constant Contact](#). [Our Privacy Policy](#)'.

Inline sign-up forms

An [inline sign-up form](#) can be embedded in the perfect spot on your website using HTML code. Then if you need to make any changes to your form, there's no HTML editing necessary! Make the changes right in Constant Contact and it'll update automatically on your website.

On the Sign-up forms page:

1. Click **Create a sign-up form**.
2. Select **Inline**.
3. Once you're done customizing your form, [activate and embed it on your website](#).

You can create multiple sign-up forms and embed them on different pages of your site to attract different audiences!

Note: Lead ads come at an additional cost, but you can set an ad budget that works for you.

ListBuilder app

The [ListBuilder App](#) is an app available on both iPhone and Android devices that allows new contacts to sign-up for your mailing list through your device. This is a great option if you spend a lot of time at events and trade shows, or if you want to keep an iPad at your register to collect new subscribers.

To use the ListBuilder app:

1. Open the App Store on your device.
2. Search for “ListBuilder.”
3. Click to install.
4. Once logged in with your Constant Contact username and password, you can customize the sign-up form, select which list your contacts are added to, and which details you want to collect.

Tip: If you want to prevent users from being able to navigate away from the ListBuilder App on your device, you can [enable “kiosk mode.”](#)
